

An ISO 13485:2016 and
ISO 9001:2015 Certified Company

GI Endoscopy

Company Profile

Endo-Med Technologies Pvt. Ltd. is having its corporate office at New Delhi, capital city of India and manufacturing facility at Noida (National Capital Region) engaged in development, manufacturing and globally distribution of minimal invasive medical devices in the field of Gastro Endoscopy, Laparoscopy, and Bronchoscopy. Backed by more than 25 years of experience. Endo-Med is committed to serve the customers with quality products at affordable price and service to the utmost satisfaction of the customers.

Quality Policy

The members of "team Endo-Med" are experienced with the largest companies across the world and exposed to trans-continent markets, thus possessing the highest level of expertise in their respective fields. The company is an ISO 13485:2016 certified organization which is deeply involved in the manufacturing of the best quality medical products under the best quality management systems. With guidance from the renowned Doctors in India and abroad associated with Endo-Med, we develop the product keeping in mind, the every minute expectation of the user from the product thus making our product among the most user friendly for a medical practitioner in their procedural room. All Endo-Med Products are "CDSCO" Certified and are manufactured as per the guidelines of GMP*.

Philosophy

At Endo-Med, Quality is the way of life and operations. Stage wise rigorous inspection is carried out right from procurement of raw material to delivery of the finished product. All of our employees are committed to constantly improve the quality management system.

The company believes in long term relationship and mutual growth as objective. At Endo-Med, quality is a culture and service a tradition.

BIOPSY FORCEPS RE-USABLE

Product Features

- Wide Opening
- Large Cup Size
- Cups with Back Eye
- Grinded Distal Spiral End
- Auto-clavable
- Smooth Operation
Even in Loops
- Easy Grip Handle

Cat No.	Description	OD	Length
EBF-R118120	Oval Cup with teeth	1.8 mm	120 cm
EBF-R218120	Oval Cup with teeth and Needle	1.8 mm	120 cm
EBF-R123180	Oval Cup with teeth	2.3 mm	180 cm
EBF-R223180	Oval Cup with teeth and needle	2.3 mm	180 cm
EBF-R123230	Oval Cup with teeth	2.3 mm	230 cm
EBF-R223230	Oval Cup with teeth and needle	2.3 mm	230 cm

FOREIGN BODY FORCEPS RE-USABLE

Product Features

- Wide Opening
- Extra Strong Grip
- Grinded Distal Spiral End
- Auto-clavable
- Smooth Operation Even in Loops
- Easy Grip Handle
